Authorship Indication Form For PhD (including associated papers) candidates

NOTE

This Authorship Indication form is a statement detailing the percentage of the contribution of each author in each associated 'paper'. This form must be signed by each co-author and the Principal Coordinating Supervisor. This form must be added to the publication of your final thesis as an appendix. Please fill out a separate form for each associated paper to be included in your thesis.

We hereby declare our contribution to the publication of the 'paper' entitled: Supermossive block holes and then host spheroids: If the red and blue sequence in the MBH - MX, sph cliagran Name: GIULTE SAUDRG NAM: Signature: Percentage of contribution: Brief description of contribution to the 'paper' and your central responsibilities/role on project: Data analysis, cutical review of the results, writing of the manuscript.
